

S.A.Y. Lands, First Nations Housing Infrastructure Council and the BC First Nations Housing Managers Association are excited to be hosting the 6th annual First Nations Fraser Valley Housing Forum! Our first event back in person since COVID, it will be held on January 14th and 15th at The'í:tse'íya, S.A.Y. Health and Community Center located on Sto:lo territory in Chilliwack.

We would like to invite you to be a sponsor at this event. Our past events have welcomed First Nations Housing Managers and Professionals from around the province, and we anticipate approximately 40 – 60 attendees. Sponsorship helps build awareness of your organization, programs and services, and elevates your community relations. We will have tote bags and opportunities for you to share valuable printed information and more!

This year we will be adding something new – an afternoon and evening reception prior to the workshop sessions dedicated to networking; both guided and open. It will provide a space for First Nations Housing Managers to gather, connect and engage on issues and interests affecting housing in their communities. Booths will be set up within the gym to promote and encourage participation and title sponsors will be given the opportunity to speak during the reception and forum.

We also see this event being a blueprint for other regional events to support First Nations housing across the Province, and will be hosting similar workshops in Nanaimo, Prince George and Westbank. Various sponsorship packages are available and there are discounts for sponsoring more than one event.

For more information or to discuss this sponsorship opportunity, please Lesa Lacey – lesa@laceydevelopments.com – 604-803-2494
